

The top row features three square images. The left image shows a man in a denim shirt and safety glasses leaning over a workbench, working on a piece of wood. The middle image shows two men in orange safety vests and hard hats (one red, one yellow) standing and looking at a large sheet of paper, likely architectural plans. The right image shows a man in a grey shirt, yellow hard hat, and safety harness kneeling and working on a complex system of pipes and valves, possibly a water heater or boiler.
